MEMORANDUM FOR:

Assistant Director for Resources
and Systems, DIA

STATINTL

NSA Comptroller

STATINTL

CIA Comptroller

FROM:

Director, Information Resources Office

SUBJECT:

Defense of ADP in FY 1981 NFIP
Budget Request

1. Concurrent with their review of the FY 1979 and FY 1980 NFIP budget requests, the House Permanent Select Committee on Intelligence invited the DCI, or his representatives, to participate in hearings conducted by the Subcommittee on Evaluation. The Subcommittee's purpose was to review the Intelligence Community's automatic data processing activities that included management, planning, and long-range issues. I have received no indication that the Subcommittee intends to schedule similar hearings during their review of the FY 1981 NFIP budget request. Should a requirement arise, I will take immediate steps to inform all affected parties.

2. Our analysis of the FY 1981 Congressional Budget Justification Books shows the Community has requested a 14 percent increase in ADP over the level requested in FY 1980. In light of past concern about the size of the ADP growth rate, the Congress may raise a number of ADP-related questions both for the record and to witnesses during testimony. To ensure ADP matters are coordinated at the Community level, my office should be provided with an information copy of all Congressional questions relating to ADP in the FY 1981 NFIP budget request and all responses thereto.
